DISCOVER LINK 2026, THE ENGIE GROUP'S EMPLOYEE SHARE OWNERSHIP SCHEME

✓ WHAT IS LINK?

LINK is the employee share ownership scheme of the ENGIE Group.

It allows you to acquire ENGIE shares indirectly via the "LINK INTERNATIONAL" Employee Mutual Investment Fund (*Fonds Commun de Placement d'Entreprise - FCPE*) at preferential conditions. Your investment is locked in for 5 years.

✓ WHAT IS AN FCPE?

An Employee Mutual Investment Fund is a portfolio of securities held in joint ownership by all employees who invest in units of the FCPE.

By participating in LINK 2026, you will subscribe to units in the "LINK CLASSIC 2026" sub-fund of the "LINK INTERNATIONAL" mutual fund under the ENGIE International Group Savings Plan (PEGI).

You will therefore not be a direct shareholder of the ENGIE Group, but rather a holder of units in the FCPE allocated in proportion to your investment. The "LINK INTERNATIONAL" FCPE will hold your shares.

WHAT ARE THE BENEFITS OF LINK 2026?

✓ BY PARTICIPATING IN LINK 2026, YOU WILL RECEIVE THE FOLLOWING BENEFITS:

A 20% discount on the reference share price

- The subscription price as an employee under the scheme benefits from a 20% discount on the reference price. This discount increases your potential gains or mitigates your losses depending on share price trends.
- The reference price is equal to the arithmetical average of the average ENGIE share prices, weighted by volume traded on the Euronext Paris stock exchange (Volume-Weighted Average Price) during the 20 trading sessions from 5th May to 1st June 2026 inclusive.

A maximum matching contribution of €500

- The Group supplements your personal contribution with a matching contribution according to the following rule:

You invest	ENGIE supplements your investment with	Maximum matching contribution for each tranche
From €0 to €100 inclusive	300%	€300
From €101 to €300 inclusive	100%	€200

Thus, if you invest €300 in the "LINK CLASSIC 2026" sub-fund of the "LINK INTERNATIONAL" FCPE, you will receive a matching contribution of €500.

Your initial investment (personal contribution + matching contribution) will therefore be €800.

If you invest over €300, you could benefit from the maximum matching contribution of €500 and the discount on your entire investment.

N.B.: if the reduction rule described on page 7 is applied, the amount invested and the corresponding matching contribution may be reduced regardless of the total amount of your personal contribution.

Depending on your country of subscription, the matching contribution may be subject to income tax and/or social security contributions, which can be deducted from your pay.

For more information, please refer to the Supplement Regulations for your country available at <https://link.engie.com/2026>.

✓ THANKS TO YOUR INVESTMENT:

■ You can benefit from potential dividends

The potential dividends and any income associated with each share will be reinvested in the "LINK CLASSIC 2026" sub-fund, thereby increasing the value of your ENGIE holdings.

The "LINK CLASSIC 2026" sub-fund may benefit from the bonus dividend if the conditions laid down in ENGIE's Articles of Association and in law are met, which will further enhance the value of your holdings.

■ You may make a capital gain or loss

Please refer to the Supplement Regulations for your country available at <https://link.engie.com/2026> for more information on how the capital gain or loss is calculated in your country.

IN RETURN FOR THE BENEFITS OF LINK

✓ YOUR INVESTMENT TRACKS THE ENGIE SHARE PRICE

Your investment tracks share price fluctuations and so your investment involves a risk of capital loss.

In fact, depending on the share price when you redeem your shares, the value of your holdings may be lower than your personal contribution (capital loss).

Consequently, you are advised to assess the need to diversify your savings.

✓ YOUR INVESTMENT IS LOCKED IN FOR 5 YEARS

Your investment is locked in until 29th July 2031 inclusive, except in the event of early release.

TERMS OF SUBSCRIPTION

✓ WHO CAN TAKE PART?

- **All employees** who have an employment contract on 17th June 2026 with a company that is part of ENGIE PEGI and have been on that contract for at least three months, whether consecutive or not, since 1st January 2025.

✓ WHAT ARE THE PAYMENT METHODS?

To find out about the payment methods for LINK 2026, please consult your local LINK manager.

✓ A SPECIFIC TAX FRAMEWORK FOR YOUR COUNTRY

Depending on your country of subscription, you may be liable to pay income tax and/or social security contributions at different stages of your investment in LINK 2026 (subscription, receipt of dividends, etc.).

For more information, please refer to the Supplement Regulations for your country available at <https://link.engie.com/2026>.

✓ WHAT AMOUNT CAN YOU INVEST?

You are free to choose the amount you wish to invest in LINK, within the following limits:

■ At least:

Your personal contribution must be at least €10.

■ At most:

Your payment into LINK 2026 must not exceed 25% of your gross annual remuneration for 2026 (including allowances, bonuses, etc.).

✓ WHAT HAPPENS IN THE EVENT OF AN OVER-SUBSCRIPTION?

In accordance with the decisions of the Board of Directors of 5th November 2025 and the Chief Executive Officer of February 18th, 2026, the total number of shares offered under LINK 2026 is limited by a double ceiling consisting of

- a maximum of 8 million shares, including the matching contribution (the Total Share Ceiling); and the cost of the transaction (cost of the discount and cost of the matching contribution) limited to 37.5 million euros (the **Total Euro Ceiling**). The **Total Euro Ceiling** comprises a sub-pool (**Euro Sub-Pool**) corresponding to the costs of i. the employer's matching contribution, ii. the discount on the employer's matching contribution and iii. the discount linked to the personal contribution, including the matching contribution. The **Euro Sub-Pool** is limited to 22 million euros. N.B.: if the **Total Euro Ceiling** is not reached, the unused amount will be added to the **Euro Sub-Pool**, thereby potentially avoiding a reduction in the amount in the sub-pool.

As soon as the Subscription Price has been determined, the Total Share Ceiling will be converted into euros on the basis of the Subscription Price.

In the event that subscription applications lead to at least one of these ceilings being exceeded, the subscription applications will be reduced in accordance with the following terms and conditions:

- a) if several ceilings are exceeded, including the **Euro Sub-Pool**, the reduction can be made for each ceiling, simultaneously or successively;
- b) the amount of the ceiling will be divided by the number of participants in order to ascertain an average amount in euros to be allocated to each participant (the **Average Sum Allocated**);
 - All applications for an amount that is lower than or equal to the **Average Sum Allocated** will be allocated in full;
 - All applications for an amount higher than the **Average Sum Allocated** will be allocated, initially, up to the level of the **Average Sum Allocated**;
 - Thereafter, the amount above the **Average Sum Allocated** will be reduced proportionally by applying an allocation rate that is determined on the basis of the amount still to be allocated in relation to the applications exceeding the **Average Sum Allocated**.

✓ WHAT HAPPENS TO YOUR INVESTMENT AT THE END OF THE LOCK-IN PERIOD?

By participating in LINK 2026, **you hold units in the "LINK CLASSIC 2026" sub-fund of the "LINK INTERNATIONAL" FCPE.**

At the end of the 5-year lock-in period, you can choose to either:

- keep your holdings in the "LINK CLASSIC 2026" sub-fund; your holdings will be available,
- request the redemption of your holdings at any time.
